

Weighing sensor

High precision single point environmentally protected load cell.

High Resolution up to 2,00,000 counts

Standard Features

- Rugged & reliable ABS housing design.
- Compact and space saving.
- Stainless steel weighing platter .
- Built in rechargeable battery .
- Advanced microprocessor based design
- Fast weighing response time.
- Auto power off.
- External Calibration.
- Bubble water indication for uniform surface level
- Safety overload 150% of the scale capacity
